

# THE TOWER OF BABEL

---

## SCRIPTURE READING

Genesis 11:1-9

### I WONDER:

- I wonder why the people did not want to be spread out on the earth?
- I wonder what the people were trying to do when they built the tower?
- I wonder why God did not want the people to build it?

### DIGGING DEEPER:

- Look at Genesis 9:1. What had God told Noah's sons to do? What did they do instead?
- When God said "this is only the beginning of what they will do", what other things do you think he was imagining?
- What does the word babble mean? Do we ever use that word today?
- Can you think of another story where people start talking in different languages? (Hint: Look at Acts 2). What is different between the two stories?
